Environmental Policy

D J Tailby Ltd is a privately owned company specialising in the restoration & conservation of stonemasonry & brick buildings in the United Kingdom. The company also carries out new build work along with bespoke hand carved stone memorials/fireplaces and carvings.

We recognise that our activities impact on the environment, and as such we have created an environmental policy to help identify and minimise these impacts.

We ensure that our policy is:

- Regularly checked, updated and agreed by our senior management team
- Available to the public, our staff and those working on behalf of the company through noticeboard displays and upon the company website
- Implemented through our day to day activities
- Monitored for success on an annual basis.
- Compliant with the countryside & Wildlife Act 1981.

D J Tailby Ltd commits to:

- Preventing pollution from activities at our head office, workshop and on site
- Continual environmental improvement
- Protection of flora and fauna found in the natural environment
- Protection of bats
- Educating and informing its employees in environmental issues relating to construction.
- Complying with applicable environmental legal and other requirements.

The company aims to mitigate the risk of an environmental incident. However, in the event of an incident that may lead to pollution, the company will put in place response plans to reduce the potential impact on the environment. D J Tailby Ltd recognises our duty to inform the Environment Agency in the event of pollution being caused by our activities.

D J Tailby Ltd aims to:

- Minimise production of waste and increase recycling rates by following the waste hierarchy (reduce, reuse, recycle)
- Minimise consumption of energy and water
- Minimise the environmental impact of activities on site
- Minimise emissions from vehicle use
- Promote the use of materials with recycled content or from sustainably managed sources.

Signed

R J Hoyle Director
